

/home/michal/zad4-miclesniak  
/include/Macierz.hh

```
graph TD; A["/home/michal/zad4-miclesniak  
/include/Macierz.hh"] --> B[iostream]; A --> C[iomanip]; A --> D[cmath]; A --> E[cstring];
```

The diagram illustrates a C++ header file, `/include/Macierz.hh`, located in the directory `/home/michal/zad4-miclesniak`. This header file includes four standard C++ libraries: `iostream`, `iomanip`, `cmath`, and `cstring`. The relationships are shown by arrows pointing from the header file box to each of the library boxes.
